GOVERNMENT OF GUAM
DEFINED BENEFIT 1.75 RETIREMENT SYSTEM

P R E A M B L E

On September 14, 2016, the Legislature of the Government of Guam (“Legislature”) enacted Public Law No. 33-186 which establishes the “Defined Benefit 1.75 Retirement System” or “DB 1.75 Plan” as codified in Article 5, Chapter 8, Title 4 of the Guam Code Annotated (“GCA”). As described in GCA Article 5, the DB 1.75 Plan does not constitute a separate fund apart from the Existing Retirement System, but rather constitutes additional provisions to the Existing Retirement System which establishes an alternative benefit structure under the Existing Retirement System that may be elected on a voluntary basis by members of the Government of Guam Defined Contribution Retirement System (“Defined Contribution System”). This alternative benefit structure under the DB 1.75 Plan is coordinated with participation in and a mandatory contribution to the Government of Guam Deferred Compensation Program.

Pursuant to GCA Article 5 and for purposes of the administration of the DB 1.75 Plan, the Board of Trustees (“Board”) adopted a plan document effective as of January 1, 2018, which reflected the terms and conditions of the DB 1.75 Plan, and which supplemented the statutory provisions of GCA Articles 1 and 5 governing the Existing Retirement System and the DB 1.75 Plan.

The Board now desires to amend the existing DB 1.75 Plan document to reflect certain changes in law enacted by the Legislature. Public Law No. 35-72, enacted on February 14, 2020, repeals Section 5 of Public Law No. 33-186, which approved and directed the establishment of the “Guam Retirement Security Plan”, and repeals its codification at GCA Article 6, Chapter 8, Title 4. Public Law No. 36-130, enacted on December 27, 2022, amends GCA Sections 8502 and 8503 of GCA Article 5, Chapter 8, Title 4, to provide certain participants under the Defined Contribution System with a limited window to elect to participate in the DB 1.75 Plan effective as of January 1, 2024, at which time the participants shall concurrently terminate active participation in the Defined Contribution System and transfer a specified portion of their accounts to the DB 1.75 Plan. New employees who commence employment on or after January 1, 2024, will also be permitted to elect to participate in the DB 1.75 Plan instead of the Defined Contribution System. Further, the retirement benefit formula under the DB 1.75 Plan is revised, and unreduced retirement benefits are made available to public safety and law enforcement officers upon attainment of an earlier retirement age. Public Law No. 37-7, enacted on April 12, 2023, amends GCA Sections 8501 and 8503 of GCA Article 5, Chapter 8, Title 4, to revise the definition of public safety and law enforcement officers under the DB 1.75 Plan.

Unless otherwise provided under the DB 1.75 Plan (which DB 1.75 Plan shall be comprised of the underlying statutory provisions, the currently effective plan document, and the underlying rules and regulations), the provisions of the Existing Retirement System under GCA Article 1 shall be applicable under the DB 1.75 Plan.

This DB 1.75 Plan document as aggregated with the statutory provisions of GCA Articles 1 and 5 constitutes a “governmental plan” as defined in Section 414(d) of the United States Internal Revenue Code of 1986. It is intended that the Plan and underlying trust constitute a qualified retirement plan that meets the applicable requirements under Sections 401(a) and

501(a), of the United States Internal Revenue Code and the “mirror” provisions under the Guam Territorial Income Tax Code.

NOW, THEREFORE, based on the above, the Board hereby amends and restates the plan document of the DB 1.75 Plan in its entirety as provided herein effective as of January 1, 2024.

ARTICLE I

PARTICIPATION

1.1 New Members in Defined Contribution System

(a) Election by Certain New Employees in 2017

An Employee whose employment commences with the Government of Guam between April 1, 2017, and December 31, 2017, inclusive, and who satisfies the eligibility requirements for membership in the Retirement Fund under GCA Section 8105 and 8106, may during the “New Employee Election Window” commencing on the Employee’s employment commencement date and ending on December 31, 2017 (or January 31, 2018, for Employees who employment commencement date is during the month of December 2017) elect (“New Employee Election”) on a voluntary basis to participate in the Defined Benefit 1.75 Retirement System (“DB 1.75 Plan”). In the case of a Member who so elects, the Member’s entry date into the DB Plan 1.75 Plan shall be effective as of January 1, 2018, and notwithstanding the otherwise applicable eligibility provisions of GCA Article 2, Chapter 8, Title 4, under the Defined Contribution System, the Member shall terminate participation in the Defined Contribution System as of January 1, 2018.

A Member’s New Employee Election that is made and delivered to the Plan prior to the close of the New Employee Election Window may be revoked and modified prior to the close of the New Employee Election Window. However, the Member’s New Employee Election shall be irrevocable as of the close of the New Employee Election Window (i.e., December 31, 2017, or January 31, 2018, for an Employee whose employment commencement date is during the month of December 2017) and the Member shall not be allowed to modify the New Employee Election after the close of the New Employee Election Window. Thus, following the submission of a New Employee Election and the close of the New Employee Election Window, the Member shall not be allowed to withdraw from participation in the DB 1.75 Plan or commence active participation in the Defined Contribution System. The failure to make an New Employee Election shall mean that by default under the otherwise applicable requirements the Member shall become an active member under the Defined Contribution System and not commence participation under the DB 1.75 Plan. The New Employee Election shall be made by submitting a prescribed election form in the form and manner as determined by the Board.

As described in Article III, the New Employee Election shall include the requirement to transfer the Member’s Account that would otherwise be established and maintained under the Defined Contribution System to the Retirement Fund effective as of January 1, 2018 (or January 31, 2018, if such date is the applicable close of the New Employee Election Window).

The New Employee Election is for participation in the DB 1.75 Plan effective as of January 1, 2018, and the New Employee Election Window closes on December 31, 2017, (or January 31, 2018, for an Employee whose New Employee Election Window closes at such time) and the transfer of the Member’s Account to the Retirement Fund shall occur as such time. As such, the New Employee Election shall only apply to an Employee who is employed by the Government of Guam as of January 1, 2018 (or January 31, 2018, for an Employee whose New

Employee Election Window closes at such time). Specifically, the New Employee Election shall apply only to an Employee who is in continuous employment with the Government of Guam through January 1, 2018 (or January 31, 2018, for an Employee whose New Employee Election Window closes at such time). Thus, the New Employee Election shall not apply to an Employee who has retired or otherwise terminated employment from the Government of Guam during the course of the New Employee Election Window, or as of January 1, 2018 (or January 31, 2018, for an Employee whose New Employee Election Window closes at such time). In this case, the Employee shall continue participation in the Defined Contribution System in accordance with the terms and conditions of the Defined Contribution System.

(b) Election by Certain New Employees During or After 2024

An Employee whose employment commences with the Government of Guam on or after January 1, 2024, and who satisfies the eligibility requirements for membership in the Retirement Fund under GCA Section 8105 and 8106, may during the “Post-2023 New Employee Election Window” commencing on the Employee’s employment commencement date and ending one month thereafter elect (“Post-2023 New Employee Election”) on a voluntary basis to participate in the DB 1.75 Plan. In the case of an Employee who so elects, the Employee’s entry date into the DB 1.75 Plan shall be effective as of the Employee’s employment commencement date, and notwithstanding the otherwise applicable eligibility provisions of GCA Article 2, Chapter 8, Title 4, under the Defined Contribution System, the Employee shall terminate participation in the Defined Contribution System as of the Employee’s employment commencement date.

An Employee’s Post-2023 New Employee Election that is made and delivered to the Plan prior to the close of the Post-2023 New Employee Election Window may be revoked and modified prior to the close of the Post-2023 New Employee Election Window. However, the Employee’s Post-2023 New Employee Election shall be irrevocable as of the close of the Post-2023 New Employee Election Window (i.e., commencing on the Employee’s employment commencement date and ending one month thereafter) and the Employee shall not be allowed to modify the Post-2023 New Employee Election after the close of the Post-2023 New Employee Election Window. Thus, following the submission of a Post-2023 New Employee Election and the close of the Post-2023 New Employee Election Window, the Employee shall not be allowed to withdraw from participation in the DB 1.75 Plan or commence active participation in the Defined Contribution System. The failure to make a Post-2023 New Employee Election shall mean that by default under the otherwise applicable requirements the Employee shall become an active member under the Defined Contribution System and not commence participation under the DB 1.75 Plan. The Post-2023 New Employee Election shall be made by submitting a prescribed election form in the form and manner as determined by the Board.

As described in Article III, the Post-2023 New Employee Election shall include the requirement to transfer the Employee’s account that would otherwise be established and maintained under the Defined Contribution System to the Retirement Fund as of the close of the Post-2023 New Employee Election Window.

The Post-2023 New Employee Election is for participation in the DB 1.75 Plan effective as of the Employee’s employment commencement date, and the Post-2023 New Employee Election Window closes one month after an Employee’s employment commencement date and

the transfer of the Employee's account to the Retirement Fund shall occur as such time. As such, the Post-2023 New Employee Election shall only apply to an Employee who is employed by the Government of Guam as of the end of the applicable Post-2023 New Employee Election Window. Specifically, the Post-2023 New Employee Election shall apply only to an Employee who is in continuous employment with the Government of Guam through the end of the applicable Post-2023 New Employee Election Window. Thus, the Post-2023 New Employee Election shall not apply to an Employee who has retired or otherwise terminated employment from the Government of Guam during the course of the applicable Post-2023 New Employee Election Window. In this case, the Employee shall continue participation in the Defined Contribution System in accordance with the terms and conditions of the Defined Contribution System.

1.2 Active Members in Defined Contribution System

(a) Election by Active Members in 2017

An Employee who is an active member in the Defined Contribution System on March 31, 2017, may during the "Active Member Election Window" commencing April 1, 2017, and ending on September 30, 2017, elect ("Active Member Election") on a voluntary basis to participate in the DB 1.75 Plan. In the case of a member who so elects, the member's entry date into the DB 1.75 Plan shall be January 1, 2018, and the member shall terminate participation in the Defined Contribution System as of January 1, 2018.

A member's Active Member Election that is made and delivered to the Plan prior to the close of the Active Member Election Window may be revoked and modified prior to the close of the Active Member Election Window. However, the member's Active Member Election shall be irrevocable as of the close of the Active Member Election Window (i.e., September 30, 2017) and the member shall not be allowed to modify the Active Member Election after the close of the Active Member Election Window. Thus, following the submission of an Active Member Election and the close of the Active Member Election Window, the member shall not be allowed to withdraw from participation in the DB 1.75 Plan or recommence active participation in the Defined Contribution System. The failure to make an Active Member Election shall mean that by default under the otherwise applicable requirements the Member shall remain as an active member under the Defined Contribution System and not commence participation under the DB 1.75 Plan. The Active Member Election shall be made by submitting a prescribed election form in the form and manner as determined by the Board.

In accordance with GCA Section 8503(d)(2) and 8504 and as described in Article III, the Active Member Election shall include the requirement to transfer the required portion of the Member's Account under the Defined Contribution System to the Retirement Fund effective as of January 1, 2018.

Inasmuch as the Active Member Election is for participation in the DB 1.75 Plan effective as of January 1, 2018, the Active Member Election shall only apply to Participants who are employed by the Government of Guam as of January 1, 2018. Specifically, the Active Member Election shall apply only to a Member who is in continuous employment with the Government of Guam as of March 31, 2017 (i.e., immediately prior to the Active Member

Election Window), and through January 1, 2018. Thus, the Active Member Election shall not apply to a Member who has retired or otherwise terminated employment from the Government of Guam as of the March 31, 2017, or during the course of the Active Member Election Window, or as of January 1, 2018. In this case, the Member of the Defined Contribution System shall continue participation in the Defined Contribution System in accordance with its terms and conditions.

(b) Election by Active Members in 2023

An Employee who is an active member in the Defined Contribution System at any time between June 1, 2023, and December 31, 2023, inclusive, may during the “2023 Active Member Election Window” commencing June 1, 2023, and ending on December 31, 2023 (or January 31, 2024, for a member whose employment commencement date is during the month of December 2023), elect (“2023 Active Member Election”) on a voluntary basis to participate in the DB 1.75 Plan. In the case of a member who so elects, the member’s entry date into the DB 1.75 Plan shall be January 1, 2024, and the member shall terminate participation in the Defined Contribution System as of January 1, 2024.

A member’s 2023 Active Member Election that is made and delivered to the Plan prior to the close of the 2023 Active Member Election Window may be revoked and modified prior to the close of the 2023 Active Member Election Window. However, the member’s 2023 Active Member Election shall be irrevocable as of the close of the 2023 Active Member Election Window (i.e., December 31, 2023, or January 31, 2024, for a member whose employment commencement date is during the month of December 2023) and the member shall not be allowed to modify the 2023 Active Member Election after the close of the 2023 Active Member Election Window. Thus, following the submission of a 2023 Active Member Election and the close of the 2023 Active Member Election Window, the member shall not be allowed to withdraw from participation in the DB 1.75 Plan or recommence active participation in the Defined Contribution System. The failure to make a 2023 Active Member Election shall mean that by default under the otherwise applicable requirements the member shall remain as an active member under the Defined Contribution System and not commence participation under the DB 1.75 Plan. The 2023 Active Member Election shall be made by submitting a prescribed election form in the form and manner as determined by the Board.

In accordance with GCA Section 8503(d)(2) and 8504 and as described in Article III, the 2023 Active Member Election shall include the requirement to transfer the required portion of the member’s account under the Defined Contribution System to the Retirement Fund effective as of January 1, 2024 (or January 31, 2024, for a member whose 2023 Active Member Election Window closes at such time).

Inasmuch as the 2023 Active Member Election is for participation in the DB 1.75 Plan effective as of January 1, 2024, the 2023 Active Member Election shall only apply to members who are employed by the Government of Guam as of January 1, 2024 (or January 31, 2024, for a member whose 2023 Active Member Election Window closes at such time). Specifically, the 2023 Active Member Election shall apply only to a member who is an active member in the Defined Contribution System at any time between June 1, 2023, and December 31, 2023, who makes a 2023 Active Member Election, and who then remains in continuous employment with

the Government of Guam through January 1, 2024 (or January 31, 2024, for a member whose 2023 Active Member Election Window closes at such time). Thus, the 2023 Active Member Election shall not apply to a member who has retired or otherwise terminated employment from the Government of Guam during the course of the 2023 Active Member Election Window, or as of January 1, 2024 (or January 31, 2024, for a member whose 2023 Active Member Election Window closes at such time). In this case, the member of the Defined Contribution System shall continue participation in the Defined Contribution System in accordance with its terms and conditions.

1.3 Reemployment of Defined Contribution System Member

(a) Reinstated Membership in Defined Contribution System

(1) Reemployment Prior to December 31, 2017. In accordance with GCA Section 8502(4), any Employee who is a member in the Defined Contribution System, who terminates employment from the Government of Guam and who later is reemployed prior to December 31, 2017, by the Government of Guam, shall become an active member in the Defined Contribution System upon reemployment if such Employee otherwise meets the eligibility requirement under the Defined Contribution System.

(2) Reemployment Between June 1, 2023, and December 31, 2023. Further, any Employee who is a member in the Defined Contribution System, who terminates employment from the Government of Guam and who later is reemployed during the period commencing on June 1, 2023, and ending on December 31, 2023, inclusive, by the Government of Guam, shall become an active member in the Defined Contribution System upon reemployment if such Employee otherwise meets the eligibility requirement under the Defined Contribution System.

(b) Reemployed Member Election to DB 1.75 Plan

(1) Reemployment Between April 1, 2017, and September 30, 2017. However, if such a member described above in Section 1.3(a)(1) is reemployed by the Government of Guam during the period commencing on April 1, 2017, and ending on September 30, 2017, and satisfies the eligibility requirements for membership in the Retirement Fund under GCA Section 8105 and 8106, the member may during the “Reemployed Member Election Window” commencing April 1, 2017, and ending on September 30, 2017 (or October 31, 2017 for a member reemployed during the month of September 2017), elect (“Reemployed Member Election”) on a voluntary basis to participate in the DB 1.75 Plan. In the case of a member who so elects, the member’s entry date into the DB 1.75 Plan shall be January 1, 2018, and the Member shall terminate participation in the Defined Contribution System as of January 1, 2018.

A member’s Reemployed Member Election that is made and delivered to the Plan prior to the close of the Reemployed Member Election Window may be revoked and modified prior to the close of the Reemployed Member Election Window. However, the member’s Reemployed Member Election shall be irrevocable as of the close of the Reemployed Member Election Window (i.e., September 30, 2017, or October 31, 2017

for a member reemployed during the month of September 2017) and the member shall not be allowed to modify the Reemployed Member Election after the close of the Reemployed Member Election Window. Thus, following the submission of a Reemployed Member Election and the close of the Reemployed Member Election Window, the member shall not be allowed to withdraw from participation in the DB 1.75 Plan or recommence active participation in the Defined Contribution System. The failure to make a Reemployed Member Election shall mean that by default under the otherwise applicable requirements the Member shall recommence as an active member under the Defined Contribution System and not commence participation under the DB 1.75 Plan. The Reemployed Member Election shall be made by submitting a prescribed election form in the form and manner as determined by the Board.

In accordance with GCA Section 8503(d)(2) and 8504 and as described in Article III, the Reemployed Member Election shall include the requirement to transfer the required portion of the Participant's Account under the Defined Contribution System to the Retirement Fund effective as of January 1, 2018.

Inasmuch as the Reemployed Member Election is for participation in the DB 1.75 Plan effective as of January 1, 2018, the Reemployed Member Election shall only apply to Members who are employed by the Government of Guam as of January 1, 2018. Specifically, the Reemployed Member Election shall apply only to a Member who is in continuous employment with the Government of Guam from the date of reemployment through January 1, 2018. Thus, the Reemployed Member Election shall not apply to a Member who has retired or otherwise terminated employment from the Government of Guam during the course of the Reemployed Member Election Window, or as of January 1, 2018. In this case, the Member of the Defined Contribution System shall continue participation in the Defined Contribution System in accordance with its terms and conditions.

(2) Reemployment Between October 1, 2017 and December 31, 2017. Further, if such a member described above in Section 1.3(a)(1) is reemployed by the Government of Guam during the period commencing on October 1, 2017, and ending on December 31, 2017, and satisfies the eligibility requirements for membership in the Retirement Fund under GCA Section 8105 and 8106, the member may on elect ("Late Reemployed Member Election") on a voluntary basis during the thirty (30) day period commencing on the date of reemployment ("Late Reemployed Member Election Window") to participate in the DB 1.75 Plan. In the case of a member who so elects, the member's entry date into the DB 1.75 Plan shall be January 1, 2018. The Late Reemployed Member Election shall be made by submitting a prescribed election form in the form and manner as determined by the Board.

In accordance with GCA Section 8503(d)(2) and 8504 and as described in Article III, the Late Reemployed Member Election shall not include the requirement to transfer any portion of the Participant's Account under the Defined Contribution System to the Retirement Fund.

(3) Reemployment Between June 1, 2023, and December 31, 2023. Further, if such a member described above in Section 1.3(a)(2) is reemployed by the Government of Guam during the period commencing on June 1, 2023, and ending on December 31, 2023, inclusive, and satisfies the eligibility requirements for membership in the Retirement Fund under GCA Section 8105 and 8106, the member may during the “2023 Reemployed Member Election Window” commencing June 1, 2023, and ending on December 31, 2023 (or January 31, 2024, for a member reemployed during the month of December 2023), elect (“2023 Reemployed Member Election”) on a voluntary basis to participate in the DB 1.75 Plan. In the case of a member who so elects, the member’s entry date into the DB 1.75 Plan shall be January 1, 2024, and the member shall terminate participation in the Defined Contribution System as of January 1, 2024.

A member’s 2023 Reemployed Member Election that is made and delivered to the Plan prior to the close of the 2023 Reemployed Member Election Window may be revoked and modified prior to the close of the 2023 Reemployed Member Election Window. However, the member’s 2023 Reemployed Member Election shall be irrevocable as of the close of the 2023 Reemployed Member Election Window (i.e., December 31, 2023, or January 31, 2024, for a member reemployed during the month of December 2023) and the member shall not be allowed to modify the 2023 Reemployed Member Election after the close of the 2023 Reemployed Member Election Window. Thus, following the submission of a 2023 Reemployed Member Election and the close of the 2023 Reemployed Member Election Window, the member shall not be allowed to withdraw from participation in the DB 1.75 Plan or recommence active participation in the Defined Contribution System. The failure to make a 2023 Reemployed Member Election shall mean that by default under the otherwise applicable requirements the member shall recommence as an active member under the Defined Contribution System and not commence participation under the DB 1.75 Plan. The 2023 Reemployed Member Election shall be made by submitting a prescribed election form in the form and manner as determined by the Board.

In accordance with GCA Section 8503(d)(2) and 8504 and as described in Article III, the 2023 Reemployed Member Election shall include the requirement to transfer the required portion of the member’s account under the Defined Contribution System to the Retirement Fund effective as of January 1, 2024 (or January 31, 2024, for a member whose 2023 Reemployed Member Election Window closes at such time).

Inasmuch as the 2023 Reemployed Member Election is for participation in the DB 1.75 Plan effective as of January 1, 2024, the 2023 Reemployed Member Election shall only apply to members who are employed by the Government of Guam as of January 1, 2024 (or January 31, 2024, for a member whose 2023 Reemployed Member Election Window closes at such time). Specifically, the 2023 Reemployed Member Election shall apply only to a member who is in continuous employment with the Government of Guam from the date of reemployment through January 1, 2024 (or January 31, 2024, for a member whose 2023 Reemployed Member Election Window closes at such time). Thus, the 2023 Reemployed Member Election shall not apply to a member who has retired or otherwise terminated employment from the Government of Guam during the course of the 2023 Reemployed Member Election Window, or as of

January 1, 2024 (or January 31, 2024, for a member whose 2023 Reemployed Member Election Window closes at such time). In this case, the member of the Defined Contribution System shall continue participation in the Defined Contribution System in accordance with its terms and conditions.

(c) Reemployment of Defined Contribution System Member on Disability

(1) No Eligibility for DB 1.75 Plan Generally. Notwithstanding the provisions of this Article I allowing a Defined Contribution System member to elect to participate in the DB 1.75 Plan following reemployment, a member of the Defined Contribution System who had incurred a disability and at any time been eligible to receive any benefits provided under any long-term disability insurance policy issued pursuant to GCA Section 8213 shall not be eligible for membership under the DB 1.75 Plan upon reemployment, but such member who satisfies the eligibility requirements for membership under GCA Section 8206 and 8207 at such time shall participate in the Defined Contribution System in accordance with such eligibility requirements.

(2) Election by Member on Disability Prior to October 1, 2017. Notwithstanding the preceding portion of this Section 1.3(c), if a member of the Defined Contribution system receives disability benefits under GCA Section 8213 or GCA Article 4, Chapter 8, Title 4, on or before September 30, 2017, and if such member is reemployed by or retires from the Government of Guam on or after January 1, 2018, the member may elect (“Reemployed Disability Member Election”) on a voluntary basis during the period commencing April 1, 2017, and ending on September 30, 2017 (or October 31, 2017, for a member who commences receiving disability benefits during the month of September 2017) (“Reemployed Disability Member Election Window”) to participate in the DB 1.75 Plan. In the case of a member who so elects, the member’s entry date into the DB 1.75 Plan shall be the later of: (i) January 1, 2018, or (ii) as of the date of the Member’s reemployment or the Member’s retirement or other termination of employment. The Reemployed Disability Member Election shall be made by submitting a prescribed election form in the form and manner as determined by the Board.

In accordance with GCA Section 8503(d)(2) and 8504 and as described in Article III, the Reemployed Disability Member Election shall include the requirement to transfer the required portion of the Participant’s Account under the Defined Contribution System to the Retirement Fund as of the date of the Member’s participation in the DB 1.75 Plan (i.e., the later of (i) January 1, 2018, or (ii) as of the date of the Member’s reemployment or the Member’s retirement or other termination of employment).

1.4 Reemployment of Existing Retirement System Member

Due to the repeal of the legislation that approved and directed the establishment of the Guam Retirement Security Plan, the reference to the Guam Retirement Security Plan in this Section 1.4 shall not be effective on or after January 1, 2018.

In accordance with GCA Section 8502(b)(3), any Employee who is a member in the Existing Retirement System, who terminates employment from the Government of Guam and

If the Member so elects to participate in the DB 1.75 Plan pursuant to a New Member Election, the Member's participation in the DB 1.75 Plan (and cessation of participation in the Defined Contribution) shall be effective as of January 1, 2018. Further, as described in Article I, if the Member so elects to participate in the DB 1.75 Plan pursuant to a Reemployed Disability Member Election, the Member's participation in the DB 1.75 Plan (and cessation of participation in the Defined Contribution System) shall be the later of: (a) January 1, 2018, or (b) as of the date of the Member's reemployment or the Member's retirement or other termination of employment. (b) Transfer and Sources of Actuarial Cost of Credited Service

In the case of any required transfer of a Member's Account from the Defined Contribution System to the Retirement Fund, the portion of the Member's Account in the Defined Contribution System that shall be transferred to the Retirement Fund is the amount equal to: (a) the Member's Account balance as described in GCA Section 8209 (Employer Contribution Account); plus (b) the lesser of (i) the Member's Account balances as described in GCA Sections 8208 (i.e., Member Pick Up Contribution Account) and 8209.1(a) (i.e., Rollover Account of Member Contribution Reserve from Existing Retirement System); or (ii) the "Actuarial Cost of Credited Service". In the case that the Actuarial Cost of Credited Service is less than the Member's Account balances as described in GCA Sections 8208 (i.e., Member Pre-Tax Pick-Up Contribution Account) and 8209.1(a) (i.e., Rollover After-Tax Account of Member Contribution Reserve from Existing Retirement System), then the "Actuarial Cost of Credited Service": (a) first shall be funded from the Member's GCA Section 8209.1(a) Account (i.e., Rollover After-Tax Account of Member Contribution Reserve from Existing Retirement System); and (b) second any further

amounts needed to fund up to the Actuarial Cost of Credited Service shall be funded from the Member's GCA Section 8208 Account (i.e., Member Pre-Tax Pick-Up Contribution Account).

(c) Treatment of Excess Account Balances Following Transfer

Subsequent to the determination and funding of the Actuarial Cost of Credited Service from the Member's Account in the Defined Contribution System: (a) any Excess Account Balance attributable to the Member's GCA Section 8209.1(a) Account (i.e., Rollover After-Tax Account of Member Contribution Reserve from Existing Retirement System) shall continue to be maintained under the Defined Contribution System, which may include amounts designated by the Member to be applied to repay prior partial withdrawals from the Member's Account in accordance with GCA Section 8503(d)(3); and (b) any Excess Account Balance attributable to the Member's GCA Section 8208 Member Contribution Account (i.e., Member Pre-Tax Pick-Up Contribution Account) shall continue to be maintained under the Defined Contribution System, which may include amounts designated by the Member to be applied to repay prior partial withdrawals from the Member's Account in accordance with GCA Section 8503(d)(3).

Further, any Ancillary Benefit Account maintained under the Defined Contribution System on behalf of a Member as described in GCA Section 8201(n) shall not be subject to transfer from the Defined Contribution System to the Retirement Fund and shall continue to be maintained under the Defined Contribution System. The nontransferable amounts under the Defined Contribution System may be designated by the Member to be applied to repay prior partial withdrawals from the Member's Account in accordance with GCA Section 8503(d)(3).

3.2 Service Credits for Transfers to Defined Benefit 1.75 Plan

(a) Defined Contribution System Credited Service

Effective as of the effective date of the transfer of a Member's Account from the Defined Contribution System to the DB 1.75 Plan (and the corresponding date of participation under the DB 1.75 Plan), the service for which the member's Account is credited with employer contributions under the Defined Contribution System (as well as the service under the Retirement Fund attributable to the employee contributions previously transferred from the Retirement Fund to the Defined Contribution System pursuant to the Member's election under GCA Section 8207), shall be credited to the Member for purposes of determining the Member's Years of Credited Service and Basic Retirement Annuity under this Article II (where full service shall be so credited irrespective of the value of the member's Account that is transferred to the DB 1.75 Plan, except that full service shall be subject to adjustment as described below in Section 3.2(b) in the case of a Member's Account that has been reduced by the Member's withdrawal).

If such withdrawn portion of the Member's Account is not timely repaid in full to the Retirement Fund, the service that otherwise would be credited under the Retirement Fund for service during the Member's active participation in the Defined Contribution System shall be reduced to account for the service to which the withdrawal relates, in accordance with rules, regulations and procedures as promulgated or approved by the Board.

(c) Credited Service for Repayment of Prior Retirement Fund Contributions

In the case of a Member who elects to participate in the DB 1.75 Plan and whose Defined Contribution System Account was previously reduced by the Member's withdrawal of an amount from the Member's Account that is attributable to the prior transfer of employee contributions from the Retirement Fund to the Defined Contribution System (specifically, considering only the portion of the Account derived from the transferred GCA Section 8209.1(a) Member Contribution Reserve Account, and not the portion of the Account derived from the transferred GCA Section 8164(b) Employer Contribution Reserve Account) pursuant to the Member's election under GCA Section 8207, the Member shall be allowed to repay to the Retirement Fund the amount of the withdrawal, adjusted for interest during the period commencing on the date of the withdrawal and ending on the date of the repayment, which repayment shall be made in any combination of the following: (i) single direct cash payment by the Member; (ii) transfer of the Member's Excess Account Balance; or (iii) installments to the Retirement Fund in accordance with Article 1 of Chapter 3, Division 1, Title 2 of the Guam Administrative Rules, as amended.
